

Product End of Life notification.

Dear Valued Customer,

This letter serves as formal notification that Teknek is withdrawing the following product. The product contained in this notice will no longer be manufactured.

**DCR-PH6
DCR-PH12**

Due to the closure of a supplier's business, the extrusion that is used in this product is now no longer available. It is cost prohibitive to replace the tooling.

This has led to the decision to remove the pad holder from the hand roller product range.

There is enough material left in the supply chain for approximately 60 more units. These will be sold on a first come, first serve basis.

If you have any other question regarding this product notification please feel free to get in touch.

Thank you for your continued support for Teknek Cleaning technology.

Kind regards

Roy Cannon
Senior Product Manager
